PRICE LIST

OF

White Elm Nursery Co.

OCONOMOWOC, WIS.

1924
PRICE LIST
of

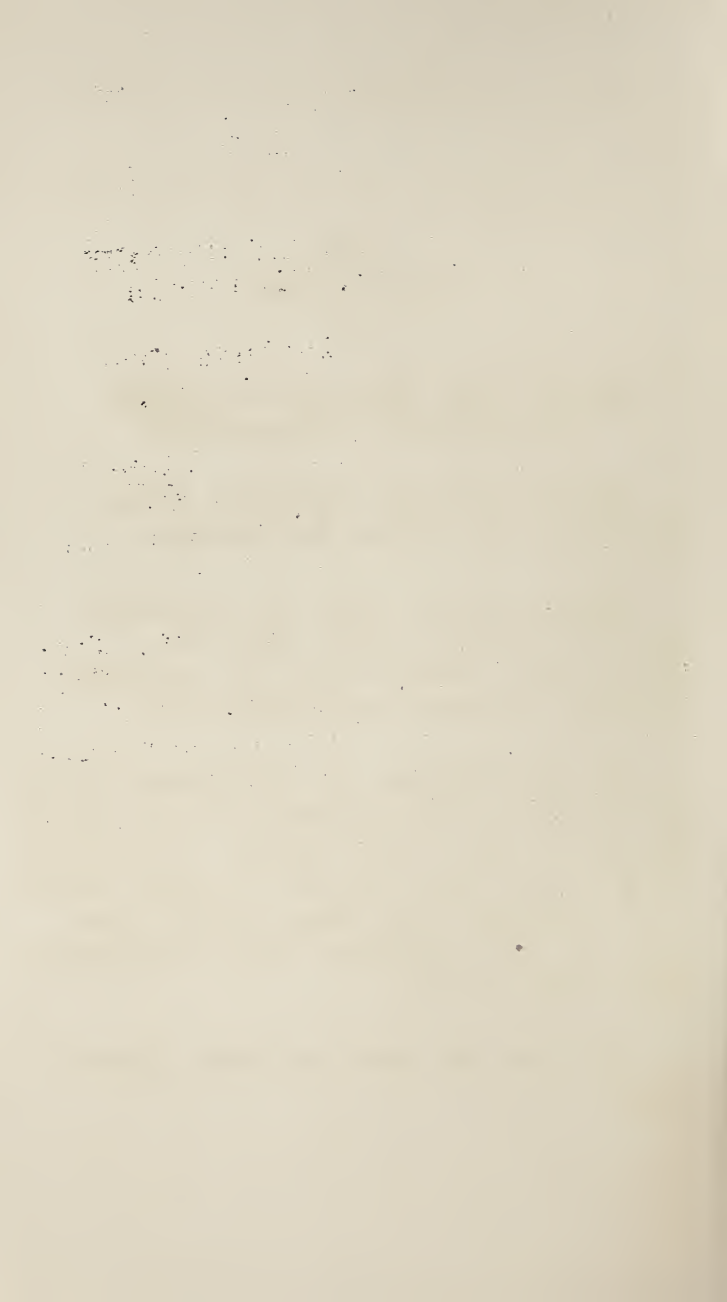

WHITE ELM NURSERY COMPANY
Oconomowoc, Wisconsin

These prices include free
packing and free delivery.

Ten's rate will be allowed
on all orders over \$50.00.
Hundred's rate will be allowed
on all orders over \$200.00

We guarantee to replace, free
of charge, all plants which fail
to grow the first year, provided
they have been given proper care
and payment has been made when
due or arrangement for extension
has been made.

Prices do not include plant-
ing.

In comparing prices of these evergreens as well as other items in this price list, please consider the additional service offered.

These prices include packing, delivery and guarantee to replace free of charge plants which fail to grow the first year. The average catalog does not include any of these although some do include packing.

The packing, delivery and guarantee are all expensive items, especially with evergreens, and we will be pleased to quote special prices without this extra service if desired.

In other words, we give the maximum in service and also try to give the maximum in quality.

Perennials have increased greatly in popularity and in attempting to keep up with the demand, we have added new varieties to our list as fast as we have found them adaptable to Wisconsin conditions. We have grown increasingly large quantities until we now grow many thousands each year.

The plants quoted are all strong, field grown, transplanted stock of sufficient age and strength to bloom the first year.

Perennials in No. 1 plants will be furnished in assortment at 35 cents each, \$3.00 per ten and \$25.00 per hundred.

These prices include delivery and our usual guarantee. Special prices will be made on large quantities, without delivery or guarantee.
